The process of European integration became relevant upon the end of the Cold War, when the EEC began to work towards absorbing the Eastern bloc into its political and economic structures. At the same time, European integration was a useful mechanism in order to contain the potentially resurgent power of reunified Germany.

Chung Chien Peng - Lingnan University

Even the term most often used to refer to this periodóthe Post-Cold War eraóis past-oriented and says nothing about the present or future. In addition to the collapse of the Soviet Union and the end of the Cold War, two major historical processes whose eventual consequences are still unclear have affected virtually every region of the globe.

National Council for the Social Studies | Social Studies ...

5.11 Post-War Immigration When it comes to immigration, the century can be divided in two along the fulcrum of WWII. Prior to the war, immigration was principally understood within the context of building an agricultural colossus and assembling an army of workers to tear down forests and wrest ore from the belly of the Earth.

5.11 Post-War Immigration - Canadian History: Post ...

In post-war Europe, the paramount Soviet threat is said to have facilitated integration by muting concerns about relative gains and by giving each member state a vested interest in strengthening its partners.8Compelling in many ways, this argument leaves unanswered the question of why France, during the 1950s and 1960s, was consistently reluctant to allow Germany to contribute to Europe's defence against the Soviets.

European Integration as a Solution to War

The fundamental U.S. interest remains unchanged-to avoid war in the Taiwan Strait. Washington should oppose any unilateral and unprovoked declaration of independence on the part of Taiwan, as well ...

China: Searching for a Post-Cold War Formula

Carter took office during the Cold War, a sustained period of geopolitical tension between the United States and the Soviet Union.During the late 1960s and early 1970s, relations between the two superpowers had improved through a policy known as detente.In a reflection of the waning importance of the Cold War, some of Carter's contemporaries labeled him as the first post-Cold War president ...
