I needed this manual to restore a 1974 Super Beetle. In most instances it has helped. The electrical schematics on the 72 thru 74 beetles are harder to read than the earlier models. The earlier schematics helped locate various connectors and terminations. Like a lot of manuals of this type the instructions are sometimes not helpful.

Yes, the original Beetle and Super Beetle had the same engine so the performance of both vehicles was the same. The engines didn't use their own numbering system or any other unique Volkswagen parts. Closure. The main difference between the VW Beetle and Super Beetle is the front suspension which provides a better driving experience.
